

NATIONWIDE PHYSICIAN SERVICES

ONE PARTNER FOR YOUR PHYSICIAN ORDERING AND REPORTING

Our team of MRO certified physicians and nationally licensed medical professionals process millions of transactions annually supporting drug, clinical and occupational health transactions across all industries.

We are technology enabled and flexible, with real-time API ordering and reporting capabilities as well as standing order options for ease of implementation and a seamless patient or donor experience.

With over 30 years of expertise in workplace health and safety screening, our experience combined with technology delivers efficient access to a robust menu of services.

Cynergy WORx

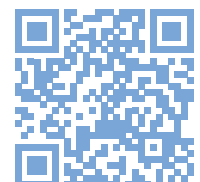

Our state-of-the-art physician management system connects customers with physicians, laboratories, and administrative and compliance services through a single point-of-access.
